

S-Cube Financial Consulting

Utilizes accepted valuation methodologies to produce well reasoned, supportable valuation and financial consulting services.

Valuation Consulting

We perform valuation services for various purposes such as: tax and financial reporting, audit support, litigation and mergers and acquisitions.

Accounting Requirements

Today's accounting requirements demand an increasing amount of fair market valuations. Valuing financial instruments, stock options and other types of equity-based compensation has become more important with the implementation of ASC 718 Stock Based Compensation, ASC 850 Fair Value Measurements and ASC 815-40 Derivatives and Hedging.

What is the NACVA's CVA Designation?

NACVA's CVA designation is the only valuation credential accredited by the National Commission for Certifying Agencies (NCCA). The National Association of Certified Valuation Analysts (NACVA) trains and certifies CVAs (Certified Valuation Analysts) to perform business valuations as a service to both the consulting community and the users of their services.

About Us

Our team of experienced appraisers hold the Certified Valuation Analyst (CVA) designation by the NACVA.

NACVA's CVA is the only NCCA-accredited valuation credentials - this is significant for any company which is under US GAAP and any company that is subject to 409A.

We have firm ties with the "big four" accounting firms and have extensive experience with accounting regulations, particularly those concerning stock options and other equity-based compensations.

Our team has performed thousands of valuations for both private and public companies, private equity firms and venture capital firms, including:
